

Summary

Full-Stack Developer with 1 year of freelance front-end experience and Node.js practice through personal projects. Built responsive and inclusive solutions with React and Next.js, reducing process times by up to 30% while focusing on usability and client collaboration.

Experience

Freelancer

01/2024 – Present (~1 year)

Front-End Developer

Remote

- Refactored a landing page with React.js, TypeScript, and Tailwind CSS, improving performance by 20%.
- Developed an inclusive web app simulating a mobile bank, emphasizing accessibility for visual and hearing impairments.
- Deployed projects with Vercel, ensuring fast and stable deliveries.
- Collaborated with clients, addressing design and functionality challenges within deadlines.

Projects

Delivery Anota Já (Backend) — Node.js, TypeScript, PostgreSQL

01/2024

- Built a scalable API with Express.js and PrismaORM, integrating catalog and order management with JWT authentication.
- Optimized image uploads with Cloudinary, reducing latency by 15% in local tests.

Delivery Anota Já (Frontend) — Next.js, TypeScript, Tailwind CSS

03/2024

- Developed an interactive front-end with catalog and cart features, using Zod and React Hook Form for validation.
- Ensured responsive design, streamlining user interaction in simulations.

Tasks+ — Next.js, TypeScript, Firebase

08/2024

- Created a real-time task app with Google OAuth via NextAuth and public collaboration support.
- Optimized UI with Tailwind CSS and ShadcnUI, prioritizing seamless usability.

Webcarros — React.js, TypeScript, Firebase

06/2024

- Built a car marketplace with Firebase, enabling real-time ad posting and search.
- Implemented fast search and responsive design, enhancing navigation in tests.

Education

Centro Universitário Ritter dos Reis

01/2022 – Present (~3 years)

Technologist in Systems Analysis and Development

Online

- Focused on object-oriented programming, relational databases, and agile methodologies (Scrum).

Skills

Core Technologies: React.js, Next.js, Node.js, TypeScript, Tailwind CSS, Firebase

Back-End: Express.js, PostgreSQL, PrismaORM, JWT, Cloudinary

Tools: Git, Vercel, Figma, Insomnia, VS Code

Competencies: Web accessibility, client collaboration, problem-solving

Languages: Portuguese (Native), English (Intermediate - technical reading and writing)
